

UNDERSTANDING WHAT'S IMPORTANT

FOR MORE THAN 160 years, M&T Bank has helped people and businesses manage their money and make sound financial decisions, so they can live better today and realize their goals for tomorrow.

Founded in 1856, M&T has more than \$118 billion in assets and operates more than 750 branch offices in eight states along the East Coast. M&T Bank has been recognized for its financial strength and sound management. We are proud to continue our tradition of reliability in the way we serve our customers and support the communities where we live and work.

Here in Delaware, M&T is one of the leading banks, with 42 branches and more than 1,800 employees throughout the state. M&T is the largest Small Business Administration lender in Delaware and is committed to helping businesses grow.

We believe that in order for our company to succeed, the communities we serve must also succeed. This belief resonates throughout the entire company. Our commitment to living up to our values and truly "understanding what's important" have helped make us one of the best performing regional banks in the nation today.

Since M&T came to Delaware in 2011, we have steadily increased our philanthropic support throughout the state. Last year, we financially

supported over 200 different not-for-profit organizations through the M&T Charitable Foundation. Not only do we support the community financially but our staff serve on over 200 not for profit boards, volunteer at over 250 different organizations and give back over 38,000 hours annually to the community. ■

Join us for the 25th Annual
